

Wabash Capstone Project Notes 02

By: John Danison

What Have I Done This Week

- Met Online With Client
 - Gave updates into current SOTA
 - Summarized research conducted
- Brainstormed & Researched Microcontrollers
 - Opt 1 - Heltec WiFi LoRa v3
 - Opt 2 - ESP32-C3
 - Opt 3 - nRF52840
- Wrote Technical Report in CW 18

Did I Do What I Say I Would Do?

Yes, I feel that I met my promises this past week. There is nothing outstanding where I am holding my group back from making progress.

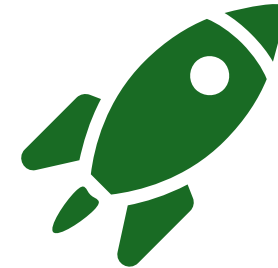

I have attended every class so far. I lead the team in technical solution brainstorming.

Plans For Upcoming Week

Continue To:

Continue to Brainstorm Sensors, Power Systems, & Data Acquisition Strategies
Communicate with Team Members

By EOW:

Work on Gate Report
Continue To Research / Become Expert On
Trailer Couplers & Kingpins
